

Springfield Township

Launching a New Comprehensive Plan!

Springfield Township is kicking off the process to update the Comprehensive Plan! As part of the process, the Township will be launching various public engagement activities to gather input from the community.

Help Shape Springfield's Future!

As part of this effort, the Township is holding a series of topic-based Focus Groups to be held in-person at the Township Building and via Zoom on Wednesday, May 18th and Thursday, May 19th. The Springfield Comprehensive Plan Focus Groups are open to all interested residents, community members, and other Springfield stakeholders such as businesses, community organizations, and public sector partners. These Focus Groups are the first of many opportunities to participate in the Comprehensive Plan development process, which began in April 2022 and is expected to wrap-up by August 2023.

Want to share your voice? Sign-up to be a part of the process!

The Focus Groups will be convened by the topics listed below. All residents, community members, and stakeholders with interests or opinions in these areas should sign-up! Participants are welcome to sign-up for multiple Focus Groups.

Springfield Comprehensive Plan – Focus Groups:

- **Public Services:** Public groups (e.g., Palisades School District, Township Water Authority, Township Police and emergency services, neighboring municipalities) provide services in the township. Discussion may consider education, digital infrastructure, road maintenance, zoning regulation, or other topics germane to public services.
- **Economic Development:** Existing and prospective businesses (including commercial, industrial, service sector, construction, agricultural/farming, home-based businesses, etc.) to elucidate the Township's current economic environment, and opportunities for improvement.
- **Springfield Folks:** Springfield Residents, from youth to seniors, shall consider needs and opportunities regarding the quality of life of Springfield in general. The discussion might touch on public transportation, recreation, parks, open space and conservation, or mitigation of climate change effects.
- **Community Organizations:** Nonprofits, volunteer organizations, community/neighborhood groups, faith-based organizations, and their role in enhancing quality of life, the environment, and community engagement.
